Overnight Home Visit Requirements for Families

October 05, 2021

Effective October 05, 2021, Broadview Village will permit overnight home visits for fully vaccinated Residents with fully vaccinated families with the following requirements:

✓	Broadview Village has proof of vaccination for all household members who will be present during the overnight visit, even if it is a brief visit by a visitor of the family.
✓	Maximum overnight stay is two nights and three days.
✓	Overnight visits must be booked with the House directly.
✓	A general itinerary will be requested to flag any further risks, e.g. staying at home, going to the theatre, dining out, having a birthday party, inviting guests, etc.
✓	When going out with the Resident, following the provincial infection control measures: <ol style="list-style-type: none"> 1. Wear a mask in all public areas, including common areas of apartment buildings. 2. Maintain physical distancing of at least 2 metres or 6 feet from others. 3. Carry hand sanitizer with you at all times and use it frequently. 4. Use respiratory etiquette (cough/sneeze into your elbow/sleeve.) 5. Carry proof of vaccination with you. 6. Avoid crowded indoor areas. 7. Choose outdoor venues when able.

What is required if my loved one or any family member becomes symptomatic during the Overnight Home Visit?

1. Notify the home (Broadview Village) immediately.
2. Get tested.
3. Isolate while waiting for the result.

If the result is negative, please send the result to miae.kim@sabv.ca. The Resident can return to the home and will be screened.

If the result is positive, please notify Miae Kim 416-712-1897 or the home (Broadview Village) right away. Keep the Resident at your home until further direction is received from Public Health.
